42516
Thermometer IP65 with alarm

DESCRIPTION

The thermometer has a 300cm long cable. The device displays the current temperature as well as low and high. When the temperature goes above or below chosen values an alarm will go off with audible- and visual alerts. The thermometer is waterproof to IP65 and can be washed under water. It has a built in stand to easily be placed on a surface, in addition it also has a magnetic back. It is also HACCP and EN13485.
